

KLENCO Cyclone single disc machines are designed to deliver effective, user-friendly floor maintenance, and built to provide years of reliable use.

At the heart of these machines are custom made class H (180°C) rated insulation, dust sealed, maintenance free motors that assure long service life. These are mounted off-centre to offset brush torque and provide optimal balancing, thus minimising operator fatigue. Power transfer is gear-driven for greater traction and efficiency.

A whole host of other features include:

- PVC handle casing is fibreglass reinforced to sustain drops and hard knocks without breaking
- 5 amps power socket allows easy integration of vacuum cleaner or foam generator
- Safety starter switches protects against accidental activation by passers-by
- Powder coated aluminum alloy body is attractive, tough and rust proof
- Safety micro switch prevents starting of machine in unsafe upright position
- Smooth running and quiet, ideal for environments such as schools and hospitals

From general purpose scrubbing & stripping, to sanding cement floors, to high speed polishing, to diamond grinding of stone floors; there is a CYCLONE model with the right accessories and KLENCO chemicals for every floor maintenance requirement.

CYCLONE

Low profile motor and separate capacitor housing for better cooling

Fibre glass reinforced PVC handle with integrated accessory power socket

Helical gear system ensures linear torque on brush drive

CYCLONE S401

Heavy Duty Floor Scrubbers

- Wet scrubbing hard floors
- Stripping floor finish
- Spray cleaning
- Carpet shampooing
- Bonnet cleaning

CYCLONE S510

Extra Heavy Duty Floor Scrubber

- Sanding and smoothing new cement floors
- Crystallization of marble and terrazzo floors
- Stripping old, multi-layered floor finish
- Cleaning, scrubbing and stripping jobs on hard floors

** Not suitable for carpet due to its heavier weight*

CYCLONE

CYCLONE G680

Floor Grinding / Crystallising Machine

- Ultra-efficient for regular hard floor jobs
- Heavyweight industrial floor machines
- Crystallisation of marble and terrazzo floors
- Sanding and smoothing of new cement floors
- Breaking up permanent floor coating

CYCLONE U420

High Speed Burnisher

- Class H motor, rated to 180°C for better performance and longer lifetime
- Floating mounted motor ensures best polishing results
- Lever on handle for easy height adjustment to suit operator
- Equipped with pad pressure indication meter for optimum pad pressure adjustment
- Dust control system captures dust and provides a healthy working environment. Filter compartment is easily accessible in the front
- Back panel access for hose connection and power socket on handle for optional handlebar mounted vacuum unit

OPTIONAL ACCESSORIES

	S401	S510	G680	U420	Code
1. Solution tank, 11 litres	✓	✓	✓		KC18167
2. Floor pad holding disc	✓	✓			KC10618M
3. Scrubbing brush, 0.7mm PP bristle	✓	✓			KC10594M
4. Carpet shampoo brush, 0.4mm PP bristle	✓				KC10595M
Carpet shampoo brush with adjustable plate *	✓				KC10595M-AP
5. Steelwool / floor pad driving disc			✓		KC16801
6. Diamond pads holding disc			✓		KC16802
7. Steel wire brush		✓			KC10640M
8. Steel blade scarifying brush		✓			KC10642M
9. Sanding pad holding disc		✓			KC12994M
10. Sanding pad (Coarse/Medium/Fine), 41cm/ 16"		✓			KPAB-16016/24/60
11. Jumbo 41cm steel wool pad, snail - type - coarse			✓		KPKT-410S
12. Texsteel 41cm steel wool pads – fine (12pcs/ carton)			✓		KPMS-T160
13. Black / Green / Red / Tan / White floor pad, 41cm/ 16"	✓	✓	✓		KPAxx160
14. Marble - Frankfurt Abrasive Diamond Pads (#60, #120, #220, #400, #800, #1800, #3500)			✓		KVTD-xxxxA
15. Granite - TURBO Flexible Diamond Pads (#300, #500, #1000, #2000, #3000, Final Finish)			✓		KVXY-xxxx
16. 20" blue UHS burnishing pads (box of 5)				✓	KPA83200
17. Paper filter bags (pack of 5)				✓	SW608098

Similar to ④, except with an adjustable plate to suit different carpet pile.
