Monsoon ST12-UV

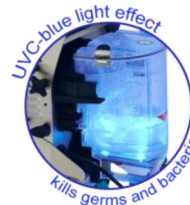

Monsoon ST15-UV

Sanitizing & Cleaning *Without Chemicals*

- ✓ HACCP-Certified, recommended for professional cleaning in the HACCP environment
- ✓ Enhance hygiene by providing deep cleaning and sanitization with only steam produced by water
- ✓ Environmentally friendly equipment that leaves no chemical residue and prevents irritation on end users with skin sensitivity
- ✓ 93% less water used as compared to conventional cleaning
- ✓ Steam cleaning with 170°C @ 8 bar pressure reduces germs and bacteria by up to 99.9%
- ✓ Built in UV LED sterilizer; air exhaust from Monsoon Steam Cleaner are thoroughly filtered and released as pure clean air back to the environment

- ✓ Cost saving as no cleaning chemicals are required
- ✓ Stainless steel body resists rust for easy maintenance
- ✓ On board organiser storage box for accessories
- ✓ High quality large castors with rear directional and front full brakes
- ✓ Control panel with indicator lights & levels
- ✓ Slide-out protective cover for recovery tank (ST15-UV only)
