

TYPHOON

KW22P

Steam Extraction Carpet & Sofa Cleaner

Typhoon KW22P is a compact commercial steam and vacuum carpet cleaner designed for efficient deep cleaning. With its 2000W boiler producing high-temperature steam above 100°C, Typhoon KW22P is effective for sanitizing upholstery and removing stains, making it an ideal steam cleaner for routine carpet and fabric surface maintenance.

In addition to the steaming function, the machine is equipped with spray and wet vacuuming capabilities.

3 in 1 cold-water spray
extraction and steam
function

Compact integrated
design with removable
solution tank

Key Features

- **Deep Cleaning**
High-temperature steam (over 100°C, 3-8 bar) penetrates deep to loosen dirt, grease, and stains.
- **Sanitization**
The heat from steam kills bacteria, dust mites, mold spores, and some viruses, making it ideal for allergy sufferers or homes with pets and kids.
- **Chemical-Free Cleaning**
Cleans effectively with just water, minimizing the need for detergents or harsh chemicals.
- **Odor Neutralization**
Steam helps eliminate odors trapped in carpet fibers, such as pet smells or smoke.
